

Worships and Seminars

In addition to developing adult Bible class curriculum, Dr. Dave Laton offers workshops and seminars that help congregations encourage spiritual growth, care for others, and strengthen teaching and leadership. Explore the available programs below. For more information or to discuss scheduling, contact us at info@comeandseepublishing.com.

Spiritual Growth: A Journey to Christlikeness

Spiritual growth is the continuing journey of becoming more like Christ. Through biblical teaching and guided self-assessment, participants explore the stages of spiritual maturity, evaluate their own development, and identify obstacles to growth. The workshop offers practical guidance for deepening our relationship with God, remaining faithful through life's valleys, and continuing to move toward the people God desires us to become.

Length: 3 hours

Format: Available in person or online

Equipping the Saints: Improving Adult Bible Class Programs

Effective Bible teaching helps people understand God's Word and grow as disciples of Christ. This workshop equips current and prospective adult Bible class teachers to create meaningful learning experiences. Participants explore how adults learn, how to identify learning needs, and how to prepare and present engaging Bible lessons. Teachers of every experience level leave better prepared to communicate Scripture clearly and encourage spiritual growth.

Length: 4 hours

Format: Available in person or online

The Joys and Challenges of Family Caregiving

Family caregiving brings responsibilities, difficult decisions, and meaningful moments of love and service. This presentation helps caregivers develop practical skills for meeting its emotional and physical demands. Participants explore caregiver well-being, healthcare advocacy, anticipatory grief, and caring for a loved one while also caring for themselves. Resources covering safety, medications, medical information, and recordkeeping are provided so caregivers leave better informed, supported, and prepared.

Length: 4 hours

Format: Available in person or online

Creating a Culture of Evangelism

A culture of evangelism grows as Christians know Jesus more deeply, recognize their place in His mission, and become prepared to share their faith. This workshop helps participants understand and move beyond common reasons for reluctance. They learn from the witness of ordinary believers while developing practical ways to recognize opportunities, begin spiritual conversations, respond with grace, and invite others to come and see. The goal is to make sharing the gospel a natural expression of discipleship.

Length: 4 hours

Format: Available in person or online
